LEADERSHIP SUMMIT

Welcome to KCCI Leadership Summit!

Kingdom Driven Leadership is selfless leadership focused on building a strong community of believers so they can serve their families, truly impact lives, and most importantly advance the Kingdom of God.

We have gathered together to be empowered and equipped for service in leadership. The ultimate goal is to glorify God by being fruitful where we are planted.

It is our esteem honor and privilege to have great ministry gifts from near and far to encourage, enlighten and empower us to fulfill our God given destiny. We will be set for success in our ministries by receiving these phenomenal ministry gifts.

Thank you so much for coming to this year's summit. Our prayer for you is that you will gain insight and inspiration to be the best leader that God has purposed you to be.

Yours in Christ,

KCCI Leadership Team

KCCI LEADERSHIP SUMMIT 22' SESSIONS OVERVIEW

EXECUTIVE SESSION: The difference between success and failure is a great team. Every senior leader needs a great team around him/her to help facilitate vision into reality. There is a fine art in holding up the leader's arms. This session is designed to empower and sharpen tools for those who work alongside the senior leader. Odell Dickerson will give keen insight and practical examples to expand and develop executive teams.

THE RESILIENT LEADER: One of the attributes of a true leader is resilience. It is having the resolve to press forward amid obstacles and challenges. Pastor Warren McKnight will show us how to remain dutiful to our assignment even when faced with difficulties. Having a no quit attitude is essential in this present day and the days to come.

VIRTUAL INTELLIGENCE: The pandemic has forced all of us into a virtual space to do what we have been raised to do in person. Everything that we were used to has changed and possibly will not go back. What are some of the new rules of engagement as it relates to our ministry, our work and our recreation in this virtual space? Bishop Hayward Hamilton will explore these new realities while showing us how to embrace this new phenomenon.

BALANCE IN BUSINESS: Anything that does not have proper balance cannot stand. This is true relationships, spiritual matters, health, and certainly business. As a pastor and businessman, Pastor Troy Davis will share with us the common difficulties that we will often face and the things we need to implement in order to overcome them.

FAMILY MATTERS: You cannot think of God without thinking of family. God is Father and Jesus is his son. This is a depiction of a family relationship. We get an example of family before we get any other example in the Bible. Why does family matter? How do we benefit from it? What are our roles in it? What are the troubles in it? How do we manage it? New author of the compelling title "Blended; Biblical Strategies for the blended family, Pastor Korey Grice will answer these questions and give strategies to manage, maintain, and balance a Godly family.

IMAGE IS EVERYTHING: Before they ever hear you, they see you. What do they see? What do we project? While we take time and invest energy into our performance, we must give equal attention to our appearance. Not just our clothes or our style but our character and demeanor. Bishop H Clemon Smith will share priceless gems that are sure to help shape our image and identity.
